~~RTS~~ Traffic is bad enough on Main Street at that railroad crossing (ET+E) in Barrington, IL.

My main complaint is that this new railroad line will create more traffic & delays getting through town. The only solution is if the train line was raised and let traffic flow below.

My secondary complaint (& just as important) is the safety of children walking to and from the High School which is very close to the train tracks.

The ET+E line is bad enough but adding the Canadian National Railway system would be a catastrophe!
